

CHILD SAFE ENVIRONMENT POLICY

The United Nations Convention on the Rights of the Child (UNCRC) outline that children and young people have a right to be safe and cared for, no matter where they are or who they are with. Children have the right to be protected from violence, abuse or neglect. When working with children and young people, it is important to understand children's rights and needs.

We are advocates for children and have a strong commitment to child safety and establishing and maintaining a child safe environment. Children's safety and wellbeing are paramount at our Preschool. Our Preschool embeds the National Principles for Child Safe Organisations and promotes a culture of safety and wellbeing to minimise the risk of child abuse or harm to children whilst promoting children's sense of security and belonging.

PURPOSE

Our Preschool has a legal and ethical responsibility to provide a safe and friendly environment where all children are respected, valued and encouraged to reach their full potential. Children’s safety and wellbeing is paramount, and we aim to take all practical steps to protect children from harm or risk of harm, ensuring a healthy and safe environment. Our Preschool provides children and staff with an environment free from the use of tobacco, alcohol, and illicit drugs.

SCOPE

This policy applies to children, families, teachers, educators, staff, volunteers, visitors, students, Approved Provider, Nominated Supervisor, and management of the Preschool.

IMPLEMENTATION

Under the Education and Care Services National Regulations the approved provider must ensure that policies and procedures are in place for providing a child safe environment and take reasonable steps to ensure those policies and procedures are followed. (Regulation 168, Regulation 170). The National Law requires management to ensure all children being educated and cared for are adequately supervised and every reasonable precaution is taken to protect children from harm and any hazard likely to cause injury. Our focus is to build a child safe environment which is reflected in our Preschool policies and procedures and understood and practiced by all teachers, educators, staff, volunteers and students.

[Primary policies - Probation Induction and Orientation; Recruitment]

WORKING WITH CHILDREN CHECK- POLICE CHECKS (National Principle 5)

Working in conjunction with the Child Protection Act and National Regulations, the safety, welfare and wellbeing of children is paramount within our Preschool and community. A Working with Children Check (WWCC) is a requirement for people who work in child-related work. It involves a national criminal history check and a review of findings of workplace misconduct.

The result of a Working with Children Check is either a clearance to work with children and is valid for five years, or a bar against working with children. Cleared applicants are subject to ongoing monitoring and relevant new records may lead to the clearance being revoked.

Management is responsible for the periodic review and maintenance of up-to-date records of employees' Working with Children Check, including the Working with Children Check number and the date on which each clearance expires. Once an employee provides their WWCC clearance, management will verify the clearance to ensure that it is valid and current. The WWCC will be placed in the individual's file and continue to be updated as required.

[Primary policy – Child Protection, Recruitment, Staffing Arrangements]

CHILD PROTECTION- REPORTABLE CONDUCT SCHEME (National Principle 6)

All educators and staff are mandatory reporters and must make reports if they suspect on reasonable grounds, a child is at risk of significant harm. All teachers, educators and staff are provided with up to date training about child protection law and their obligations under this law and to ensure they are confident in following the reporting guidelines within NSW and adhere to our *Child Protection Policy*. (Reg 84).

Through continual education and training, teachers, educators and staff are equipped with the knowledge, skills and awareness to keep children safe. Training gives educators and staff confidence to identify, respond and report child abuse.

Nominated supervisors and persons in day-to-day charge must complete a course in child protection approved by the Regulatory Authority.

[Primary policy – Child Protection]

Our Preschool will ensure an appropriate level of confidentiality of information relating to the reportable allegations as per the Children’s Guardian Act 2019. We take our legislative responsibilities as part of the Reportable Conduct Scheme seriously and will respond to any reportable allegation or conviction against employees or volunteers that may arise.

REPORTING AND RESPONDING TO GENERAL COMPLAINTS (National Principle 6)

Feedback from children, families, teachers, educators, staff, and the wider community is fundamental in creating an evolving Preschool working towards the highest standard of care and education. We aim to investigate all complaints and grievances with a high standard of equity and fairness. Our Preschool believes in procedural fairness and natural justice that govern the strategies and practices, which include:

- The right to be heard fairly
- The right to an unbiased decision made by an objective decision maker
- The right to have the decision based on relevant evidence.

[Primary policy – Dealing with Complaints]

PHYSICAL ENVIRONMENT – SUPERVISION AND SAFETY CHECKLISTS (National Principles 5 and 7)

Children’s safety is embedded in our day-to-day practices. We ensure effective and adequate supervision is provided to children at all times. Educators will employ ‘active supervision’ strategies within the preschool environment and when participating in excursions or transporting children. Consideration will be made for the different ages and abilities of children and the activities that may require different levels of supervision.

Through conducting risk assessments, we assess and manage risks in the physical environment collaborating with children to develop behaviour guidelines for play including adventurous play to ensure their safety. Teachers and Educators have a sound understanding of their duty of care and responsibilities in ensuring a child safe environment.

Teachers and Educators conduct regular safety checks to maintain basic standards of safety within our Preschool. We believe that child safety is a shared responsibility at all levels within our Preschool. Children are encouraged to speak up about their safety and the safety of their friends by telling an educator if they feel unsafe in a particular situation or environment.

Educators will complete the following daily checklists to assist and record inspections of the physical environment where foreseeable risks may be evident and cause harm or injury to a child:

For example: indoor safety checklist, outdoor safety checklist and end of day checklist

Any findings that require attention will be either dealt with immediately or submitted into the maintenance sheet depending on priority.

[Primary policies – Code of Conduct; Supervision; Sleep and Rest; Nappy Change and Toileting; Health and Safety, Staffing Arrangement, Supervision]

RISK ASSESSMENT & RISK ASSESSMENT TOOL (National Principle 8)

It is a legislative requirement that Management, teachers and educators implement a risk management system where they identify and manage hazards and risks within the workplace to ensure a child safe environment. Strategies are in place to make sure child safety (through the National Principles for Child Safe Organisations) and Education and Care National Regulations are embedded across our Preschool. The key principles of risk management include:

1. Identifying all hazards or potential hazards in the Preschool – classrooms, yards, staff room, office, sheds, laundry, bathrooms verandah and front entrance to Preschool (River St) and back entrance Regatta Ave
2. Assess the risk of harm or potential harm for each hazard.
3. Control or manage the risk – Risk Rating Matrix
4. Monitor and improve safety – Risk Assessment Action Plan
5. Evaluate and Review

It is the responsibility of all teachers and educators at the Preschool to complete a risk assessment where children's safety may be jeopardised and when organising an excursion/incursion or any transportation of children. Children's safety must be incorporated into everyday practice within the Preschool. Common hazards within the Preschool which may require a risk assessment include:

- cross-infection and infectious disease
- administration of medication
- anaphylaxis procedures and management
- building and equipment (including storage)
- inadequate space for conducting activities and experiences
- hazardous chemicals
- electrical appliances
- food preparation and storage
- environmental influences such as shade, noise etc
- sun safety
- children's behaviours
- water safety
- fire equipment
- pets and/or animals
- inadequate supervision of children
- children's activities and experiences
- Work Health and Safety such as manual handling (e.g., safe lifting children from cots and highchairs)
- non-compliance risk
- hot drinks
- transportation of children (regular outing and regular transportation)
- excursions

To maintain a child safe environment, we will adhere to Preschool policies and procedures and conduct the daily checklist and audits:

risk assessment of equipment to be used in outdoor play, Behaviour assessment, maintenance record, excursion risk assessment, wet weather assessment – slip hazards

[Primary policies – Emergency and Evacuation; Incident, Injury, Trauma and Illness; Sleep and Rest, Safe Transportation of Children; Sun Safety; Administration of First Aid; Medical Conditions]

EMERGENCY AND EVACUATION PROCEDURES

Management will ensure that copies of the emergency and evacuation floor plan is displayed in prominent positions near each exit of the preschool premises, including classrooms, staff room and office.

All staff are familiar with emergency evacuation procedures and regulatory requirements.

Rehearsals for emergency and evacuation procedures, including lock downs, are conducted at least once every 3 months. Records will be kept for all rehearsals.

[Primary policy- Emergency Evacuation Policy]

ARRIVAL AND DEPARTURE AUTHORISATION

Our Preschool prioritises children's safety at all times. We will only release children to an authorised person as named on the child's enrolment form or Authorised to Collect Forms signed by parents/Carers and person collecting has Identification. We request families provide current court orders, and parenting plans to ensure our records are up to date.

National Regulations require our Preschool to keep a record of children and visitor's arrival and departures, with the signatures of the person responsible for verifying the accuracy of the record and the identity of the person collecting the child.

Educators will work in collaboration with our *Delivery of children to and Collection from Education and Care Premises Policy* and *Student and Visitors Policy* to ensure children feel safe and secure.

To ensure children's safety, teachers and educators have a clear understanding of their legal obligation to check identification when a person is collecting a child. To maintain compliance, parents will complete the Authorisation to Collect Form if they authorise a person to pick up their child from Preschool.

[Primary policies - *Delivery of children to, and Collection from Education and Care Premises; Student and Visitors*]

ONLINE SAFETY (National Principle 8)

Our Preschool is committed to create and maintain a safe online environment with support and collaboration with staff, families, and community. Management ensures that children DO NOT have access to IPADS, laptops or any device that they can access online websites or games. Technology

within preschool is for the use of Teachers and educators to support children learning through investigations on safe sites only. Teachers and educators' access IPADS to complete observations using the Story Park App.

Our Preschool ensures backups of important and confidential data is made regularly and either stored securely offline, or online. Software and devices are updated regularly to avoid any breach of confidential information.

Families are provided with information about our software program which is password protected and used to share observations, photos, videos, daily reports and portfolios. Passwords are not to be shared with others as per our written agreement.

Written authorisation is requested as part of the enrolment process for children to use laptops/IPADS; have their photo taken and published as part of promotional marketing or on the app program used by the preschool. The identity of a child is not published on any platform.

Personal mobile phones are not used to take photos or video of children at the Preschool.

Only educational software programs and apps that have appropriate content and have been examined prior to allowing their use are used in the preschool. Children are always supervised when we are using any technology.

[Primary policies – Cyber Safety; Technology; Privacy and Confidentiality, Code of Conduct]

STORAGE OF HAZARDOUS SUBSTANCES

We reduce the risk of harm to children and educators by using eco-friendly products. Our Preschool will endeavour to provide a safe environment where necessary chemical and hazardous equipment are safely stored away from children and handled appropriately.

Management and educators will keep a register of hazardous chemicals used at the Preschool, including relevant Safety Data Sheets (SDS).

[Primary policies – Safe Storage of Hazardous Chemicals, Administration of Medication]

EQUIPMENT, FURNITURE & MAINTENANCE RECORD

There are several factors that can contribute to a hazard, such as a deprived program, insufficient supervision and dilapidated equipment. To ensure a child safe environment free from hazards, we

have implemented practices and continue to monitor Preschool policies and procedures that uphold Australian Safety Standards.

The premises and all equipment and furniture used within the Preschool are audited to ensure all aspects are safe, clean and in good repair. We understand that hazards are specific to developmental stages; educators are aware that toys and equipment need to be checked to ensure they are safe and developmentally appropriate for children. Regular checks occur within the Preschool to ensure that all toys, furniture and equipment are in good condition and working order.

[Primary policy – Furniture and Equipment Safety]

CONTINUOUS REVIEW (National Principle 9)

To ensure we maintain a culture of continuous improvement, we will ensure our child safe practices are regularly reviewed, evaluated and improved. We aim to ensure all educators, staff and volunteers understand and effectively implement our policies and procedures to provide a child safe environment at our Preschool.

We will regularly review and monitor the effectiveness of our Child Safe policies and procedures and invite children, staff members, families and communities to contribute to their development. Any updates or revisions will be communicated to all stakeholders. Our *Child Safe Environment Policy* will be reviewed on an annual basis
