### PURPOSE

We aim to minimise the risk of harm, ensuring the safety of children, Teachers/Educator’,s families and visitors of the Service(BRSCC) in the event of a threatening situation.

### SCOPE

This policy applies to children, families, Teachers/educators, staff, management and visitors of the Service(BRSCC).

## IMPLEMENTATION

We have set procedures to follow in the event of any emergency requiring evacuation and lock down. These procedures comply with regulatory requirements and are consistent with recommendations by recognised authorities. They are designed to ensure the precipitate, safe and calm evacuation of all children, staff, families and visitors.

Whilst many emergency situations will require teachers/educators, staff and children to evacuate from the Service(BRSCC), there are potential situations that will require the facility to go into 'lockdown'. For example, the following are examples of situations that may require lockdown:

- Severe storms
- Extreme smoke from distant bushfire
- Chemical or hazardous substance spill
- Gas leak / atmospheric hazardous substance
- Dangerous animal or insects
- Potentially dangerous intruder/unwanted or uninvited visitor
- Potentially violent/dangerous person due to intoxication or substance abuse
- Unidentified external disturbance

Lockdown means that all windows and external doors are locked, and where possible internal doors are locked, with children and adults being moved to a room/position that does not allow them to be viewed.

Where possible access should be maintained to a bathroom and enough space should be available for children to be comfortably involved in quiet activities. It is therefore vital that appropriate spaces have been identified and displayed on an Emergency Lockdown Procedure. This information can be displayed on the back of the Evacuation Plan, which can then be quickly taken from the wall when required. This act will ensure that in a situation involving unwanted visitors, the plan is not visible or available for them to Define and list the circumstances in which the Service(BRSCC) will identify a lockdown use to predict your reaction.

### **Management or Nominated Supervisor will:**

- Nominate the person/people with authority to manage the lockdown
- Determine communication channels
- Develop an effective strategy for conducting the roll and communicating with children, teachers/educators, families and visitors of the Service(BRSCC)
- Document roles and responsibilities of staff and Teachers/Educators
- Plan to maintain children's safety

- Ensure all children, teachers/educators, staff, families and visitors of the Service(BRSCC) remain inside.
- If possible, Teachers/Educators should make every effort to lock doors and windows.
- Ensure children remain in a confined area, or out of sight during the lockdown period.
- Practice emergency drills every day for 1 week during each term
- Review and Reflect on each emergency drill to ensure strategies are effective
